**1. Christmas Like This** (Drizek)

**2. River** (Ditchell)

**3. (It's Gonna Be a) Lonely Christmas** (Rose/Sprung)

**4. Let It Snow!** (Cahn/Styne)

Every year, it gets more difficult to find a new set of Christmas songs to record—yet it still happens. Later than usual, but you're used to that by now. **Christmas Like This** is a new track that came about from listening to a lot of Dean (Martin in precisely the wrong way. **River** is something I've needed to record for a few years. **(It's Gonna Be a) Lonely Christmas** was a 1948 hit for The Orioles, although it's now completely unrecognizable. And somehow **Let It Snow!** has escaped my microphone for the past few years, but what an honest sentiment. Turn it up, find the hot chocolate, and wonder why I don't sleep during the holidays.

**Merry Everything!**
